

## Alfagraze 600 RR

## Original dual-purpose Alfagraze with Genuity® Roundup® Ready Tolerance

FALL DORMANCY 6 5+ CUTTINGS A SEASON

- High yield potential, traffic tolerance and persistence
- Extra leafy plants have large, deep crowns for excellent grazing and fast recovery
- High resistance to nematodes and Fusarium Wilt
- Semi-dormant dual-purpose variety for haying or grazing
- Developed by Dr. Joe Bouton, Professor Emeritus, University of Georgia

Performance Profile	
Traffic Tested™	Excellent
Yield Potential	Excellent
Stand Persistence	Excellent
Recovery After Cutting	Very Fast
Resistance Ratings	
Phytophthora Root Rot	R
Anthracnose	R
Verticillium Wilt	R
Fusarium Wilt	HR
Spotted Alfalfa Aphid	R
Stem Nematode	MR
Root Knot Nematode	HR
Southern Root Knot Nematode	HR

HR = >51% Resistance, R = 31-50% Resistance, MR = 15-30% Resistance LR = 6-14% Resistance

## Quality Dual Purpose for Haying or

Alfagraze 600 RR combines improved yield potential with a good disease resistance package for long stand life. This semi-dormant variety features tolerance to Roundup® herbicide for superior weed control.

## Selected for Survival and Persistence

Selected for grazing tolerance under severe pressure, the surviving parent plants had the best root and crown health. The exposure to grazing animal traffic for three years helped create large, deep crowns. It also improved root and crown carbohydrate reserves for regrowth and winter survival.

Traffic Tested™ varieties are bred and selected for improved plant types with:

- Large deep-seated crowns
- Abundant leaf mass
- Heavy plant weight

Grazing

- Fine stems
- Large roots to store energy
