

PREMIUM BLEND ALFALFA

Premium Blend Alfalfa is a combination of proprietary varieties that maximize performance specific to western soils and climate with exceptionally high forage quality and excellent winter survival.

Premium Blend Alfalfa is designed for a wide range of soils for optimal forage yields. It also performs well in dry and naturally rain fed soils. It has a solid disease, insect and nematode resistance package that helps defend itself in adverse environments.

Premium Blend Alfalfa is coated with APEX™ and comes pre-inoculated and treated with APRON XL®.

AGRONOMIC TRAITS	
Trait	Rating
Bacterial Wilt	HR
Fusarium Wilt	HR
