

Fescue Balancer with Mag Mineral

Product number: 58020

Product Information

Highly palatable, free choice loose mineral scientifically formulated for the unique needs of cattle consuming fescue forages. Contains BIOPLEX and SEL-PLEX organic minerals and FEB-200 to help support overall performance and help your cattle attain maximum genetic potential.

- Scientifically formulated loose mineral for the unique nutritional needs of cattle consuming fescue forages
- Designed for an average 4 oz. consumption per head per day
- Delivers enhanced copper and zinc, minerals known to be low in endophyte-infected fescue
- Contains BIOPLEX and SEL-PLEX organic minerals and FEB-200 to help support overall performance
- Contains both dried and liquid molasses for superior palatability and consistent consumption
- Weather protection
- Contains 10% Magnesium

BIOPLEX®, SEL-PLEX® and FEB-200™ are registered trademarks of Alltech.

Feeding Instructions

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.

Feeding Recommendations:

Cattle should consume an average of 2-4 ounces per head daily based on a 1,000-lb animal. Provide one covered mineral feeder for every 20 to 30 animals. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. SWEETLIX Fescue Balancer with Mag Mineral is a complete mineral and vitamin supplement. Feed as the only SELF-FED source of salt, minerals and vitamins. Provide fresh, clean water to all animals at all times.
