## YIELD PERFORMANCE

## SINCE 1893, JOHNSTON SEED COMPANY HAS BEEN “PLANTING” SEEDS OF SUCCESS...

It was over 125 years ago when Willis B. Johnston began selling seeds, feed, and coal to the early day settlers. Little did W.B. know that it was the beginning of something special. Today, the focus is specialty seeds, not sold just locally, but marketed on six different continents around the world. Johnston Seed continues to sell seed of all traditional crops like wheat, rye, corn, sorghum, and soybeans, but producing and marketing specialty seeds like proprietary bermudagrasses, buffalograss, wildflowers, native grasses, wildlife seeds, and cover crops are now the focus of Johnston Seed. One thing has not changed since 1893, and that is service. W.B. instilled a work ethic and a desire to provide the best seed for his customers. The management and employees of Johnston Seed have continued this tradition with great service and products, and we want to be your “seed” for success.
