Kowpoke 4

Product number: 80055

Product Information

The SWEETLIX® Kowpoke family of minerals is formulated to provide supplemental minerals and vitamins to beef cows and heifers on grass in a cost-effective package. All Kowpoke formulas are fully weatherized with RainBloc® and have superior palatability. This formula is 4% phosphorus.

Feeding Instructions

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head per day for cattle.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

SWEETLIX® Kowpoke 4 Mineral is a 5:1 calcium to phosphorus mineral scientifically formulated to be self-fed. SWEETLIX® Kowpoke 4 Mineral helps your animals attain maximum performance by providing a balanced intake of supplemental minerals and vitamins. Feed at the rate of 2 to 4 ounces per head per day. Provide one covered mineral feeder for every 20 to 30 animals. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. Provide fresh, clean water to all animals at all times. For additional information, please contact your SWEETLIX® representative.

Nutrition Information

Calcium, Min	20.00%
Calcium, Max	24.00%
Phosphorus, Min	4.00%
Salt, Min	15.00%
Salt, Max	18.00%
Cobalt, Min	5 ppm
Copper, Min	500 ppm
Iodine, Min	25 ppm
Manganese, Min	2,000 ppm
Selenium, Min	26 ppm
Zinc, Min	1,500 ppm
Vitamin A, Min	40,000 IU/lb

Vitamin D-3, Min	4,000 IU/lb
